2 Introduction and Background to the Project / Programme

2.1 Introduction to MyJustice

The European Union has contracted the British Council to deliver the rule of law and access to justice component of its Strengthening Governance in Myanmar/Burma Programme (DCI-ASIE/2014/037-333) component, through a delegation agreement for the implementation of the ***MyJustice*** programme.

A key component of the EU Programme is to support the rule of law and access to justice, to help ensure that citizens are better protected by the law, and to increase their access to formal and informal dispute resolution and justice systems. It will also support civil society in their provision of legal education and awareness-raising for citizens and officials and improve the work of institutions, which support the rule of law.

The objectives of the MyJustice programme are:

Overall Objective:

Improve access to justice and legal aid for the poor and vulnerable, develop legal capacity of justice sector professionals and strengthen selected rule of law institutions to better fulfil their mandates.

Specific Objectives:

1. To improve access to both formal and informal justice systems especially for vulnerable groups in six regions/states in Myanmar;
2. To strengthen the capacity of formal and non-formal justice service providers in Myanmar.

MyJustice places an emphasis on a people-centred approach, which is designed to encourage learning, trust and collaboration among and between all stakeholders. We work in close consultation with communities to promote enhanced and equitable justice provision for all groups, especially those currently most excluded. The programme delivers work across four interconnected results areas:

- **Result Area 1:** Increased capacity within communities to use and apply knowledge and understanding about their rights
- **Result Area 2:** Justice services are more widely available, of higher standard and increasingly meet the needs of communities and their residents.
- **Result Area 3:** Community based dispute resolution mechanisms increasingly utilise inclusive and accountable approaches and methods within the communities that they serve
- **Result Area 4:** Increased evidence and knowledge sharing to inform justice policy development and implementation.

Background to this project: Two short films to be shot during the MyJustice Partner Forum Event in December 2017

Objective of the films

My justice will be convening a Partners' Forum to bring together MyJustice partners implementing various parts of an access to justice programme in six states and regions of Myanmar, including civil society organisations, other partners working on justice issues in Myanmar, as well as some regional and international access to justice practitioners to share experiences and learn from each other. The film about the Partner's Forum will be aimed at profiling the event and the core discussions and the second film will profile the range of people and organisations involved in the MyJustice programme and show the passion and enthusiasm they bring to the table to work on access to justice issues, and their vision of how their work is contributing to change in Myanmar.

Services

- Produce two compelling short films about the MyJustice partners' forum as well as MyJustice partners and their engagement in the programme. The required outputs for this assignment include:
 - ✓ One one-minute trailer announcing the two films for distribution via the MyJustice Facebook Page
 - ✓ Two 4-5 minute films for distribution via the MyJustice website and for dissemination at meetings with donors and other audiences

The MyJustice Partner Forum will take place on 7 and 8 December 2017 in Yangon with approximately 100 participants. The filming is expected to take place during the forum, but the films require a pre-production phase to plan how exactly partners will be profiled and what questions will be asked and what devices will be used to capture their thoughts and perspectives.

7 Specification

The section describes the creative considerations, output considerations, desired outcomes and directional focus to produce two compelling films, one about the MyJustice partners' forum and one

featuring MyJustice partners' voices to be shot during the Partners' Forum convened by MyJustice in December 2017.

Desired outcomes:

- One film that highlights the issues discussed at the MyJustice partner's forum, in order to profile the event as well as its importance for Myanmar today. The film should use specialised props. A guidance for what this could potentially look like is provided here: <http://bit.ly/2yctldn>
- A second film that captures the diversity of voices of MyJustice Partners. Guidance for what this could look like is provided here. <https://www.youtube.com/watch?v=SrphqIZW-q>. The film should focus on the key motivation for partners to work on access to justice issues and how they feel they are contributing to change and what it means to them personally to be involved in this change journey.
- Both films should give the audience an idea of the range of MyJustice partners, the enthusiasm for the issue and a sense of a 'movement' to contribute to change in the justice landscape in Myanmar.
- The films should be about 4-5 minutes long and be pegged around key themes to be agreed ahead of the shooting with MyJustice.
- They should use props and other interesting story telling devices, including allocating a special booth area for conducting interviews. Pre-determined questions should be discussed beforehand with the MyJustice team during the pre-production phase.
- A short trailer of the films for profiling on Facebook. This should be specifically developed for a Facebook audience and should feel like a recap/highlight for an exciting event that gets people interested in the topics. The trailer should include strong compelling quotes from participants and speakers, long responses or excerpts from presentations or speeches should be avoided. Moreover, the Facebook video clip is required to be mobile viewer friendly.
- Rough cuts of the films to be shared with MyJustice within 22nd Of December and final films to be delivered by January 15th 2018.

Audience

- **Primary Audience:** Justice Sector actors in Myanmar,
- **Secondary Audience:** Donors, EU stakeholder
- **Other Audience:** Facebook Followers (short version/promo)

Format/Output Considerations

- Subtitles will be in English when the interviewees will be conducted in Myanmar.
- Subtitles will be in Myanmar when the interviewees will be conducted in English.
- Props can be used in both Myanmar and English
- BC would require 3 days to review and provide feedback to draft videos.

Some Creative Considerations

- Interviews with key participants and presenters will be required, this should be conducted with an interview background to ensure consistent lighting and branding
- Footage from the event will be useful to give audiences a feel for the event and give adequate visibility to British Council and EU logos apart from MyJustice.
- Need to have gender balance in case studies
- Partners interviews should be short and compelling, long responses should be avoided
- Use some of the open source guidelines (as below) to design the video ad so that it looks good everywhere it appears on Facebook.

13.3 The British Council reserves the right to issue any clarification request made by you, and the response, to all potential suppliers unless you expressly require it to be kept confidential at the time the request is made. If the British Council considers the contents of the request not to be confidential, it will inform you and you will have the opportunity to withdraw the clarification query prior to the British Council responding to all potential suppliers.

13.4 The British Council may at any time request further information from potential suppliers to verify or clarify any aspects of their tender response or other information they may have provided. Should you not provide supplementary information or clarifications to the British Council by any deadline notified to you, your tender response may be rejected in full and you may be disqualified from this Procurement Process.

14 Evaluation Criteria

14.1 You will have your tender response evaluated as set out below:

Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated. ↓

Stage 2: The completed Qualification Questionnaire (*if used*) will then be reviewed to confirm that the potential supplier meets all of the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria set out in the Qualification Questionnaire (*if used*) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process. ↓

Stage 3: If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below. Information provided as part of Qualification Questionnaire (*if used*) responses may also be verified as part of this stage.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages tender using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Quality, including methodology and approach	[50]%
Prior experience in Myanmar	[30]%
Commercial	[20]%

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder's failure to provide all of the evidence requested.

3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Pricing Approach/ Quotation for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full tender response at this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest “Overall Price”. Other tender responses will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

14.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (*if used*) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
